

## Matty K Drill

This drill is designed to challenge the pair of boundary umpires for reading and deciding to go past a kick or holding back SWD. It can incorporate a throw in in the zone 50 – 60 which may require a handover throw.

Depending on the angle of the kick it can also be a 2 sets of eyes for decision making drill.

Ball starts at player one (taken out of ball up on wing) Kicks to either 1 or 3. Umps adjust on kick. Then if ball goes out of bounds near apex of 50, decision moment on who does throw.

Off the throw player 1 or 3 will kick ball back to 1 and then they kick to opposite player in 1 or 3 to create movement and the same scenario at the other end.

Need 5 people and then swap positions around.
